OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 6739 Encls 1 / 396 Bangalore, 30th January 1905

From

H J BHABHA, Esq, M A,

Inspector General of Education in Mysore

To B K Venkatavaradachar Esq,
Secretary to the Government of H H
the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

SIR,

With reference to an application dated 22nd January 1905 received from the Board of Trustees of Thammallappa's charities for the recognition of Thammallappa's School as a High School from January 1905 and for an increase of monthly Grant from the State Funds, I have the honour to forward for the information of Government a copy of my reply No 6740/659 dated 30th January 1905

I have the honour to be,
Sir,
Your most obedient servant,
H J Bhabha
Inspector General

Edn 82]

No 671 / 659

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,
Bangalore, 30th January 1905

From

H J BHABHA, ESQ., M.A.,
Inspector General of Education in Mysore

To

B Ramakrishna Rao Esq,
Honorary Secretary,
Marimallappa's Charities,
Mysore.

SIR,

With reference to your letter No 9 dated 22nd January 1905, I have the honour to inform you that under the circumstances stated by you I shall have no objection to recommend to Government the recognition of Marimallappa's School as a High School tentatively for two years with Mr Venkata-Krishnaiya as Headmaster provided that four distinguished or able graduates are employed as Assistant Masters to teach the subjects of English Language and Literature, Mathematics, History and Science in the High School classes. These Assistant Masters as well as the Headmaster will be available for teaching the two sections of the V Anglo-Vernacular class also. The rule to be adopted for the choice of teachers in the High School Department is that no one should teach a subject in the High School Department unless

he has passed the B.A Degree Examination in that subject It is true that there are B.A's employed in the Middle School Department of the School - If some of them have taken a fairly good degree and given satisfaction by their work they may now be employed in the High School Department It should be borne in mind that the Matriculation Examination is a much more difficult examination now than it was 25 years ago - Unless great care is taken to provide good teaching especially in English and Science, no High School can expect to produce good results - In the IV and V Anglo-Vernacular classes no one should be employed as a teacher who has not passed at least the F A Examination, and in the lower A V classes none but matriculates should be employed as teachers

2 With reference to the application for an increase of Grant from the State Funds, I have the honour to inform you that you have not furnished the necessary information that will enable Government to judge what the increased amount should be - There is no fixed amount or general rule for the Grant of a High School - Each application has to be judged on its own merits - In the case of an endowed school the net cost obtained by deducting the total fee collection from the total expenditure should be shared equally between the endowment fund on the one hand

1904, the average monthly fees collected at the enhanced rate in each class from January to December 1904 and the average monthly attendance and fees expected in Forms ~~V~~ and ~~VI~~ in 1905.

(4) The annual expenditure on clerks, servants, prizes, furniture, science and other school apparatus, gymnasium, and ordinary contingencies.

3. I have once more to point out to the Board that the classes below the I Anglo-Vernacular class have not yet been organised in conformity with the prescribed curriculum - Probably Marimallappa's School is the only school in the Province in which these classes do not conform to the standing rules of the Department. This serious defect should be remidied or all classes below the I Anglo-Vernacular classes abolished.

I have the honour to be
Sir
Your most obedient servant
(Signed) H. J. Bhabha
Inspector General.

"True Copy

Inspector General.

and public funds of all kinds on the other
I have no idea of the income from the
endowment funds of Marimalla Appa's
school and do not know much of it has been paid,
say for the last five years towards the
cost of the Middle Department. I request
that after the Board has been able to
arrange the staff of the High School
Department and to rearrange the staff
of the Middle Department on the lines
laid down in para 1, the following details
information may be supplied to me as
early as possible

(1) The staff employed for the High School
Department with particulars of age, pay,
general and special (or technical) qualifica-
tions, optional subject and language in
which the teacher has passed the B.A.
Degree Examination, languages in which
he is qualified to teach, total period of
service as a teacher, and forms or classes
taught with the number of weekly lessons
given in each class.

(2) Similar information regarding the
staff employed in the Middle Depart-
ment.

(3) The average monthly attendance
of every class from the IV Form down
the Infant class from January to Decem-

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No 9190/572 Agumbi ~~Bangalore~~, 12 April 1905 190

From

H J BHABHA, Esq,
Inspector General of Education in Mysore,

To

B K Venkatavarada Iyengar Esq
Secretary to the Government of His Highness
the Maharaja of Mysore Revenue and General Depts
Bangalore

Sir

Sent to him for an or 18/2/05

In continuation of my letter No 6739/396 dated 30 Jan'y/05 forwarding for the information of Government a copy of my letter No 6740/659 dated 30 January 1905 I have the honour to inform you that the reply No 38 dated 4 April 1905 of the Hon Secretary of Marimallappa's Charities to that letter furnishing the required information about attendance fees &c has just reached me

2 From the statistics furnished I find that in February last there were 543 boys on the roll and the number is likely to have increased in the month of March as is usual in the case of other schools Of the total number so many as 112 or 20 per cent were excused the fees This number includes 23 Sivachar boys who receive their education gratis in the institution Even if this number is excluded the remaining " free " boys give a percentage of over 16 which is extremely liberal and may be reduced by the managers

3 The school receives from the endowment Fund a monthly income of Rs 125 only But the managers pay the fees and scholarships of Sivachar boys who go up for higher examinations or join Technical Institutions These fees and scholarships which amounted to

to only Rs 67 in January and RS 48 in February 1904 have risen to Rs 88 in January 1905 and Rs 142 in February 1905 There seems to be no reason why the amount of these fees and scholarships should exceed the amount of Rs 125 received from the endowment fund The amount has varied so much from January 1904 to February 1905 that I am unable to make an average estimate If the whole amount of Rs 125 received from the endowment fund is absorbed by the special fees and scholarships of Sivachar boys reading in other schools the school may be considered to receive nothing from the endowment fund except a rent-free building It seems to me that some economy may be exercised in the giving of the special fees and scholarships but this is a matter that the Committee has to decide by reference to the conditions laid down in Marimallappa's will

4 The average monthly receipts of the school are estimated as follow -

	Rs
Fees inclusive of entrance fees	625
Municipal Grant	100
From the Endowment Fund	125
Total	Rs 850

5 The present salaries of the Head and Assistant Masters amount to Rs 652 and the Committee proposes to give increases to all teachers amounting to Rs 600 It seems to me that Rs 150 for the increases will amply suffice for the present This amount will enable the Committee to raise the pay of the Headmaster from Rs 100 to Rs 150 and to give substantial increases to deserving assistant masters Annual allotments of Rs 100 for prizes Rs 200 for contingencies Rs 300 for the upkeep of the building and for furniture will also be required The normal monthly expenditure will thus be as follows -

	Rs monthly
Present salaries of Head and Assistant Masters	652
Proposed increases	150
Provision for prizes contingencies furniture and upkeep of building Rs 600 a year	50
Special fees and scholarships of Sivachar boys	125
	Rs 977

The last item is capable of reduction as stated in para 3 above But taking it for granted that the whole amount received from the endowment fund is spent on the special fees and scholarships the deficit will be Rs 1o7 a month to be made up by a monthly grant from State Funds

3 Under the above circumstances if His Highness' Government are pleased to sanction a monthly grant of Rs 15O from State Funds in addition to the grant of Rs 1OO from the Municipal Funds it should be considered as extremely handsome and will cover loss of fees if any during plague epidemics I recommend that Government may be pleased to sanction this monthly grant with effect from March 19O5 provided the Government curriculum is strictly followed by the managers At present they have Preparatory Classes A B C below the I Anglo-Vernacular Class which should be replaced by Vernacular Classes II I and Infant in accordance with the prescribed curriculum

I have the honour to be

Sir

Your most obedient servant

H J Bhabha

Inspector General

No 10306-223-3
Edn. dg 5.05.

To The Registrar of the
University of Madras
Madras

Sir

I am directed to inform you that the Government-aided Oriental High School at Triplicane, which is a Grade-in-aid institution has recently raised its standard to the High School Grade till the beginning of 1904, was a Lower-secondary school and in that year the IV Form was opened and from the beginning of the present year the V Form

VI Forms also have been added The trustees of the institution have now applied for its being recognized as a High School ~~affiliated to the Madras University~~ I am to request that this application may be granted The school maintains an efficient staff of teachers at present and is in other respects also well equipped The management is in the hands of a board of trustees who are much interested in the progress of education in the Mysore city I am to add for the information of the Syndicate that the institution in question was at maintained as a High School at one time for a period of six years from 1879 to 1884, when in the latter year it was reduced to the Lower secondary grade as a feeder

to the readers of College
the large growth of classes
in the college and the
general advancement
of education, have
both now renewed
the need of restoring
the Mechanicsburg
School to its old status
as a High School
